Mission Statement

At Blessed Dominic Catholic Primary School, we pride ourselves on being a culturally diverse family. We seek to instil, in every child that we nurture, the joy and wonder of learning.

As we journey together with Christ, we develop children's resilience, intellectual curiosity and creativity through our positive learning behaviours. We nurture and cherish the unique talents of all, empowering them to flourish and grow into life-long learners.

Our mission is to show love, promote learning and belief in God our Father.

LOVE – LEARN- BELIEVE

Rationale of Religious Education

In the life of faith of the Catholic School, religious education plays a central and vital part. At the heart of Catholic education lies the Christian Vision of the human person. Therefore religious education is never simply one subject among many, but the foundation of the entire educational process.

Religious Education is central to the educative mission of the Church.

‘ In a Catholic school, at the core of the core, is Religious Education, for the sake of which Catholic schools exist in the first place.

At Blessed Dominic Catholic Primary School we recognise that our children come from a range of backgrounds and abilities and that our teaching of Religious Education will reflect this.

In accordance with this statement we believe that Religious Education is at the heart of what we teach and therefore permeates the whole curriculum. It is reflected in our prayer life and liturgy, in our personal and extended relationships and through developing awareness in our children of the need to appreciate and care for the wider community and world in which we teach.

Aims and Objectives in Religious Education

The aims of Religious Education at Blessed Dominic Catholic Primary school are as follows:

- to engage in a systematic study of the mystery of God, of the life and teaching of Jesus Christ, the teachings of the Church, the central beliefs that Catholics hold, the basis for them and the relationship between faith and life;
- to enable pupils continually to deepen their religious and theological understanding and be able to communicate this effectively;

- to present an authentic vision of the Church’s moral and social teaching to provide pupils with a sure guide for living and the tools to critically engage with contemporary culture and society;
- to give pupils an understanding of the religions and worldviews present in the world today and the skills to engage in respectful and fruitful dialogue with those whose worldviews differ from their own;
- to develop the critical faculties of pupils so to bring clarity to the relationship between faith and life, and between faith and culture;
- to stimulate pupils’ imagination and provoke a desire for personal meaning as revealed in the truth of the Catholic faith;
- to enable pupils to relate the knowledge gained through religious education to their understanding of other subjects in the curriculum (Religious Education Directory, 2023)

Outcomes of Religious Education

The outcome of Religious Education at Blessed Dominic is religiously literate and engaged young people who have the knowledge, understanding and skills – appropriate to their age and capacity – to reflect spiritually, and think ethically and theologically, and who are aware of the demands of religious commitment in everyday life.

Religious Education at the heart of the curriculum

- Religious education is the core of the core curriculum at Blessed Dominic and is to be the source and summit of the whole curriculum.
- Religious education is an academic discipline with the same systematic demands and rigour as other disciplines.
- Religious education is to be delivered within a broad and balanced curriculum, where it informs every aspect of the curriculum. Every other subject is to be informed by religious education and have a strong relationship with it.
- In each year of compulsory schooling, religious education is to be taught for at least 10% curriculum time within each repeating cycle of the regular school timetable.

Programme of Study:

As a Catholic school, Blessed Dominic Catholic Primary is required to comply with the Religious Education Directory (2023). Blessed Dominic Catholic Primary school does this by following the Model Curriculum as set out in The RED 2023, whereby from September 2025, all year groups are using the model curriculum as their foundation for planning.

Curriculum Structure

The model curriculum has six components known as branches which map helpfully onto the six half-terms of the school year. Five of these have a core theme which invites pupils to learn about an aspect of Revelation, Scripture, life in Christ, and life in the Church, and to discern what their learning means academically and experientially enabling them to see, judge, and act through a deeper knowledge of the Christian faith. The Dialogue and Encounter branch involves the study of other religions, encountering other pathways of belief drawing on the teaching of the Church about intercultural dialogue. Detail of the curriculum can be found in the Religious Education Directory (2023).

Inclusion

In Religious Education we recognise the need for resourcing, careful planning and differentiation to cater for children of all abilities ranging from the gifted children to those of low ability. RE presents a particular challenge to teachers in that all classes contain pupils who may not have good literacy skills but are very able and insightful in RE. Again, these pupils must be catered for at an appropriate level.

Assessment, Monitoring, Recording and Reporting

- Assessment of standards is carried out against the Age-Related Standards in Expected Outcomes in RED 2023.

Teachers record progress in Religious Education half termly, by constantly assessing and evaluating their own pupil's work through discussion, circle time, questioning, observing role play as well as the rigorous marking of RE written work in accordance with the school's marking policy.

The expected outcomes are listed on the Topic pages which are placed in the pupils RE books. The teacher will the pupils understanding of the topic and of each key skill on the topic page. Additionally pupils in Key Stage 2 will have the opportunity to self-assess their learning against the expected outcomes for each topic.

- Assessment moderation takes place in school amongst colleagues, at deanery meetings and at diocesan meetings.

- Monitoring of teaching and learning in Religious Education takes place in line with our school, monitoring of RE teaching and learning occurs with the same detail and rigour as other core subjects in the curriculum.

- Progress and achievement is recorded and tracked in line with our school policy, half termly using the RE tracker and termly data is input using Insight.

- Progress and achievement in Religious Education is reported to Governors at least termly in line with other core subjects.

- Progress and achievement in Religious Education is reported to parents/carers each year in line with other core subjects, at parent consultation evenings in the Autumn and Spring terms as well as through the end of the year school report which is distributed in July.
